A BUYER'S GUIDE 2025

Support the suppliers who support your association...and your business.

Discover how a partnership with the members of MCAA's Manufacturer/Supplier Council enhances your company's success. Browse through this excellent resource to learn more about the companies that will help you build your strategic supply chain—enabling you and your employees to increase your company's productivity and profitability. You will find innovative solutions to some of your most challenging construction concerns, learn about new products and find contact information for key executives—those who can assist you with purchasing, technical or service issues.

This listing of MCAA Supplier Partners is a convenient guide to help you plan for your company's needs, whether you want to streamline office operations or add value to your next job by bringing it in early or under budget—or both!

When choosing a product or service for that next bid, give an extra edge to the companies that support your association.

MCAA'S SUPPLIER PARTNERS

A.O. Smith

500 Tennessee Waltz Parkway
Ashland City, TN 37015
(615) 792-4371
Fax: (615) 792-2149
E-mail: mpatterson@hotwater.com
www.hotwater.com

A.O. Smith produced its first water heater in 1936. Since then, plumbing professionals have come to rely on A.O. Smith more than any other manufacturer because we provide more hot water solutions for customers. The range of A.O. Smith commercial and residential water heater choices is unmatched. Our technological leadership is unchallenged. Our manufacturing network straddles the globe. At the end of the day, however, we judge not by our size and strength, but by how well we serve every customer. Visit our website for more information.

Aalberts IPS - Apollo Valves ★

10715 Sikes Place, Suite 200
Charlotte, NC 28277
(704) 847-9191
www.aalberts-ips.us

At Aalberts integrated piping systems, our brand, Apollo Valves is synonymous with excellence in the field. We are a leading provider of comprehensive piping systems, specializing in valves, fittings, backflow prevention, industrial solutions, actuation, grooved, and press technology. Our advanced product range is designed to deliver superior performance and reliability, meeting the diverse needs of industries worldwide. With our innovative solutions, we empower our customers to optimize fluid management and ensure efficient operations. Trust Aalberts integrated piping systems and Apollo Valves for state-of-the-art solutions that drive success in piping systems.

AB&I Foundry

11910 County Road 492
Tyler, TX 75706
(510) 632-3467
www.abifoundry.com

(708) 957-1100
Fax: (708) 957-1101
E-mail: carl.hansen@atplearning.com
www.atplearningsolutions.com

ATP Learning Solutions offers proven expertise in developing customized training materials using your content, or ours. Our in-house digital media, editorial, online learning, and fulfillment services can develop and even digitally distribute your product. ATP Learning Solutions strives to be your innovation partner.

Autodesk, Inc.

1 Market Street
San Francisco, CA 94105
(855) 301-9562
www.autodesk.com

Autodesk is changing how the world is designed and made. Our technology spans architecture, engineering, construction, product design, manufacturing, media and entertainment, empowering innovators everywhere to solve challenges big and small. From greener buildings to smarter products to more mesmerizing blockbusters, Autodesk software helps our customers to design and make a better world for all. For more information visit autodesk.com or follow @autodesk.

Baltimore Aircoil Company, Inc. ★

7600 Dorsey Run Road
Jessup, MD 20794
(410) 799-6200
Fax: (410) 799-6262
E-mail: nwalsh@baltimoreaircoil.com
www.baltimoreaircoil.com

Baltimore Aircoil Company is the world leader in the design and manufacture of evaporative cooling and heat transfer equipment. Founded in 1938, BAC offers the broadest range of evaporative heat transfer products in the industry. Products and services include open cooling towers, closed circuit cooling towers, industrial process coolers, evaporative condensers, and ice thermal storage equipment. Headquartered in Baltimore, Maryland, Baltimore Aircoil Company has manufacturing capabilities worldwide.

Belimo Aircontrols

33 Turner Road
Danbury, CT 06810
(800) 543-9038
Fax: (800) 228-8283
www.belimo.us

Belimo is a world leader in the design, manufacture and marketing of damper actuators, control valve assemblies and ZIP Economizer used in commercial HVAC systems. Belimo is well known for its innovation of the direct-coupled actuator and innovations in pressure independent control valve technology. Belimo provides the solutions that customers need to maintain an efficient building environment.

Bidtracer - Specialty Software Group LLC

10412 North Baehr Road
Mequon, WI 53092
(888) 708-0921
E-mail: kris@bidtracer.com
www.bidtracer.com

Bidtracer is a complete solution for the construction industry. Bid, document and invitation management, mechanical service estimating, reporting and auto sales provide the ultimate means for securing projects. The integrated PM suite has a BIM room, tracks submittals, RFIs, RFPs, COs, POs, correspondence and much more!

Bluebeam, A Nemetschek Company ★

433 South Raymond Avenue
Pasadena, CA 91105
(626) 788-4100
E-mail: jchambers@bluebeam.com
www.bluebeam.com

Trusted by more than 3 million users worldwide, Bluebeam is the easy-to-use software solution that AECO professionals rely on for PDF markups, digital workflows, and effective project collaboration. Bluebeam gives you the ability to collaborate anywhere to finish projects faster, the productivity to minimize risk, and the flexibility and control you need to maximize your ROI. Since 2002, Bluebeam has made desktop, mobile and cloud-based solutions for paperless workflows that improve project communication and streamline processes across the entire project life-cycle. Bluebeam is part of the Nemetschek Group, a forerunner of digital transformation in the AEC/O industry and covers the entire life cycle of construction and infrastructure projects. With intelligent software solutions, we lead our customers into the future of digitalization.

BuildOps ★

2118 Wilshire Boulevard, Suite 975
Santa Monica, CA 90404
(213) 559-1988
E-mail: kori@buildops.com
www.buildops.com

Designed by a team of specialty contractors and world-class engineers, BuildOps redefines the commercial contractor experience with its end-to-end operational platform. It eliminates the need for multiple systems to manage your business, merging smarter operations under one roof, and bridging service and construction. From dispatch to billing, project management to reporting, BuildOps improves efficiency, visibility, and profit margins, while delivering exceptional customer service and ease of use.

Carrier Corporation ★

9701 Old Statesville Road
Charlotte, NC 28269
(704) 921-3800
E-mail: mark.j.tozzi@carrier.com
www.carrier.com/commercial

Setting the standard for performance, energy efficiency and sustainability, Carrier offers solutions in heating, ventilating, air-conditioning and building automation systems that are available for immediate shipment. From equipment technical

MCAA'S SUPPLIER PARTNERS

training to HVAC software and system design, Carrier University is always adding new curriculum and tools to better prepare you for tomorrow. Totaline offers a full-line of quality universal HVAC/R parts and supplies at an affordable price. For ease of installation, select Factory Authorized Parts.

Cerro Flow Products LLC

P.O. Box 66800
St. Louis, MO 63166
(618) 337-6000
Fax: (618) 337-6958
E-mail: mkleine@cerroflow.com
www.cerroflow.com

Cerro Flow Products LLC is a manufacturer of world-class grade copper tube for the plumbing, HVAC, refrigeration, and industrial markets. The company is known for its superior product quality, unparalleled customer service, expert technical support and an expansive U.S. manufacturing, warehousing and distribution network that ensures high fill rates and on-time deliveries.

Charlotte Pipe & Foundry ★

P.O. Box 35430
Charlotte, NC 28235
(704) 348-6450

E-mail: katie.adams@clicksafety.com
www.ClickSafety.com

Safety training and compliance solutions for your workplace. For 25 years, ClickSafety has been a leader in online safety and compliance training with 500+ courses available 24/7. As the first to offer the OSHA 10-hour and 30-hour safety courses online, ClickSafety helps customers build a comprehensive safety culture in industries including Construction, Manufacturing, Environmental Health & Safety and many more. Your safety is our mission.

CNA

151 North Franklin Street, 15th Floor
Chicago, IL 60606
(781) 775-8889
E-mail: marjorie.gleason@cna.com
www.cna.com

CNA is a leading provider of business insurance for construction firms. The CNA/MCAA Business Insurance Program for Mechanical Contractors offers standard coverages such as Automobile, General Liability, Umbrella, Workers Compensation and Property as well as specialized coverages tailored to the unique needs of mechanical contractors such as Electrical Disturbance Testing, Operational Testing Coverage and Lost Key Coverage. CNA provides responsive, knowledgeable claims handling and comprehensive loss control services to help you prevent accidents and injuries in your business. To locate an independent agent representing CNA or to learn more about how the CNA/MCAA Business Insurance Program for

Mechanical Contractors can benefit you, contact Marjorie Gleason or visit CNA's website.

Conex Bänninger (IBP Group LLC)

155 Bartram Market Drive, Suite 135 #163
Saint Johns, FL 32259
(904) 217-4970
E-mail: rachele.benn@ibpgroup.com
www.conexbanninger.com

Conex Bänninger is a specialist provider of high-quality fittings across the globe. Since 1909, Conex Bänninger's innovative approach has led to some landmark achievements in product design. Our product knowledge, expertise and quality standards are trusted across residential, commercial, industrial, air conditioning and refrigeration markets.

Copeland

1675 West Campbell Road
Sidney, OH 45365
(937) 498-3011
Fax: (937) 493-2882
E-mail: lenny.diaddario@copeland.com
www.copeland.com/en-us

Copeland is a global leader in sustainable heating, cooling, cold chain and industrial solutions. We help commercial, industrial, refrigeration and residential customers reduce their carbon emissions and improve energy efficiency. We address issues like climate change, growing populations, electricity demands and complex global supply chains with innovations that advance the energy transition, accelerate the adoption of climate-friendly, low-GWP (global warming potential) and natural refrigerants, and safeguard the world's most critical goods through an efficient and sustainable cold chain. We have over 18,000 employees, with feet on the ground in more than 40 countries — a global presence that makes it possible to serve customers wherever they are in the world and meet challenges with scale and speed. Our industry-leading brands and diversified portfolio deliver innovation and technology proven in over 200 million installations worldwide. Together, we create sustainable solutions that improve lives and protect the planet today and for future generations. For more information, visit copeland.com.

Craftmark Pipe Markers

P.O. Box 50668
Fort Worth, TX 76105
(800) 627-5255

SIEMENS provides a full range of services and solutions from more than 100 Building Technologies local USA offices.

Sioux Chief Manufacturing Company, Inc.

14940 Thunderbird Road
Kansas City, MO 64147
(816) 425-9900
www.siouxchief.com

Sioux Chief is a leading American manufacturer of rough plumbing products located in Kansas City, Missouri. We develop and manufacture some of the most diverse and innovative plumbing products in the country. We focus on product innovation initiated by field research and interviews with plumbers, engineers, code officials and distributors. We're able to turn ideas into products quickly because we design and build our own machines. This also allows us to control manufacturing costs and minimize downtime, providing consistent, reliable value to our customers. Our primary purpose as an American manufacturer is to provide better value to the professional plumbing and mechanical contractor by offering top-quality, innovative products with superior customer service. Our goal as an American innovator, is to make plumbing installation

easier, more effective, and more efficient. We strive every day to meet the demands of the rough plumbing industry with innovation, quality, and the American spirit.

SLOAN ★

10500 Seymour Avenue
Franklin Park, IL 60131
(847) 671-4300
E-mail: info@sloan.com
www.sloan.com

Sloan is the world's leading manufacturer of commercial plumbing systems and has been in operation since 1906. Headquartered in Franklin Park, Illinois, USA, the company is at the forefront of the green building movement and provides smart sustainable restroom solutions by manufacturing water-efficient products such as flushometers, electronic faucets, sink systems, soap dispensing systems, and vitreous china fixtures for commercial, industrial and institutional markets worldwide.

Spirax Sarco USA ★

1150 Northpoint Boulevard
Blythewood, SC 29016
(800) 883-4411
E-mail: ap@us.spiraxsarco.com
www.spiraxsarco.com/global/en-US

At Spirax Sarco USA, we are a leading provider of high-quality products and solutions for the control and efficient use of steam and other industrial fluids. Our extensive product range includes boiler controls, condensate and heat recovery systems, flowmetering, steam traps, pressure reduction stations, and more. We are deeply committed to sustainability and energy efficiency, serving a variety of industries such as food and beverage, pharmaceuticals, hospitals, and oil and gas. Our extensive expertise, innovative solutions, and dedication to helping our customers optimize their steam systems ensure better performance and cost savings. Our value to contractors is two-fold: we provide readily available products for extensive steam system projects and deliver new project pull-through by offering engineering consultancy services. This commitment helps create a more sustainable and energy-efficient world.

SPX Cooling Tech, LLC

Looking for a smart solution to your latest business challenge?
The members of MCAA's Manufacturer/Supplier Council can help!

Check out the Smart Solutions Case Studies and be sure to visit the Virtual Trade Show and the Manufacturer/Supplier Training area of the Resource Center at mcaa.org.

HOW SPONSORS SUPPORT OUR ASSOCIATION

When choosing a product or service for that next bid, give an extra edge to the companies that support our association.

Members of the Manufacturer/Supplier Council play an increasing role in MCAA's commitment to lifelong learning by participating in a number of educational ventures. Over the past several years, the Manufacturer/Supplier Council has had the opportunity to cooperate with MCAA initiatives that produced or are in the process of producing some of the association's most valuable educational products.

In addition, MCAA's Supplier Partners support our annual convention through their sponsorships, and their participation at

the exhibit. They keep you updated about their latest products and services year-round in our Virtual Trade Show, highlight training of interest in the Manufacturer/Supplier Training area of the Resource Center, and contribute Smart Solutions Case Studies showcasing new technologies and cost-saving and productivity-enhancing applications. The Virtual Trade Show, Smart Solutions Case Studies, and the Manufacturer/Supplier Training resources are at mcaa.org.

When contacting MCAA's Supplier Partners, remember to thank them for all they do for our association.
